EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thies on 1-4-2004.

During the interview, the examiner suggested deleting 'oxadiazolyl' from the definition of Z in claim 14 since it has no antecedent basis in the base claim 11. The method claim for treatment of anxiety having the same scope as the allowable compound claim 11 would be rejoined as requested by the Applicants.

The application has been amended as follows:

- a. Claim 14, line 3, delete 'oxadiazolyl'.
- b. Add the following new claim:
 - 19. A method for treatment of anxiety comprising administering to a patient in need thereof a therapeutically effective amount of a compound of claim 11 or a pharmaceutically acceptable salt thereof.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claims 11-19 are allowed.

The 103 rejection over Mederski is withdrawn in view of the amendment and Applicants' Remarks. The deletion of oxadiazolyl from the definition of Z set a demarcation from the oxadiazolyl compound of Mederski. Absent is the motivation to modify the prior art compound via multiple changes to arrive at the instant invention.
